

Become an Official Sponsor of the 2023 SCGIS Annual International Conference

PARTNER WITH US!

The Society for Conservation GIS (SCGIS) is an all-volunteer, U.S. based 501(c)3 non-profit organization. We are committed to advancing conservation globally by building and supporting a vibrant community of geospatial conservation practitioners.

We invite you to become an official sponsor of our **26th SCGIS Annual International Conference**, which will be held virtually August 15th to 18th, 2023. The SCGIS International Conference is a unique gathering of conservation GIS practitioners from around the world for professional development. Our annual conference unites many of the world's top conservation GIS professionals working across public, private and academic sectors, to share best practices, receive training, and engage in professional networking.

As a volunteer-led non-profit organization, SCGIS depends heavily upon donors and sponsorship to support our programming. To recognize your support ***as a Conference Sponsor, we will feature your logo in our conference advertising and branding materials, highlight your contribution in our 2023-2024 Annual Report, offer public recognition via our conference plenary and social media, and include complimentary registration with sponsorship tiers. We also invite sponsors to showcase their important conservation GIS work through an organized session or technical workshop.*** This relationship provides your organization with access and reach to our global network.

Sponsorship Tiers

Bronze

\$150 - \$499

Silver

\$500 - \$999

Gold

\$1,000 - \$4,999
